## Working in partnership to deliver smart health and safety solutions

---

Amalgamate believe in the importance of working in partnership with organisations to develop smart occupational health and safety solutions – benefiting both employees and business.

---

As an established consultancy we deliver effective solutions across Europe, the Middle East and Asia supporting large-scale global organisations, SMEs and business start-ups.

---

Our aim is to pro-actively manage the health and safety needs of our clients and reduce the impact of loss on their business.

---

## Reinforcing wealth creation and business growth

---

Successful companies make decisions based on the firm understanding of the risks involved. They recognise the value of risk management in decision-making. By managing your health and safety requirements you will reinforce wealth creation and business growth; and we will help.

---

We want to see the businesses we serve continue to successfully manage risk. Our expert knowledge and practical, straight-forward advice will allow you to provide a safer environment for your workforce. Creating a safe place to work is just the start; we will also help you maintain a healthy and motivated workforce.

---

---

Our Services:

Safety Management Systems

Validation and verification

Audit and inspection

Risk control systems

Accident and investigation

Performance benchmarking

---

# Health & Wellbeing

## Putting the 'health' back into health and safety

---

We are committed to putting the 'health' back into health and safety. It is common knowledge that your greatest asset is your staff and providing a safe, healthy and enjoyable workplace has many benefits that can significantly improve workforce production.

We have developed a comprehensive package of services designed to promote employee engagement and healthier working environments. These services aim to prevent/manage long-term sickness absence by ensuring your team is fit to work and the workplace is not detrimental to health. This minimises the cost of ill health on your business.

Our Services:

- Medical assessments
- Fitness to work following illness or injury
- Drugs and alcohol screening
- Lifestyle and corporate wellness initiatives
- People resources and management support
- Sickness absence management
- Health awareness training
- Physiotherapy
- Health surveillance
- Ergonomics (DSE) support
- Travel health including vaccinations

# Fire Safety

## Avoiding loss and controlling fire safety risks

---

We appreciate the effects of fire on a business are obvious. Many organisations however will need additional help to effectively manage their fire safety risks.

We can help.

In simple terms, managing your fire risk well is good insurance against the potential loss of life and business interruption. Our fire safety solutions help you to avoid such losses and control fire risks effectively.

Our Services:

- Fire risk assessment
- Compartmentation surveys
- Fire safety training
- Strategy development
- Auditing

---

# Training

## Delivering excellence in safety training

---

We offer a wide range of safety training solutions throughout the UK and beyond. Our trainers are highly experienced occupational health and safety practitioners, who have gained a reputation for delivering excellence in safety training.

As well as delivering accredited courses, we can provide bespoke training packages designed to meet the needs of your organisation.

Our courses:

- Safety awareness
- IOSH Managing Safely
- IOSH Working Safely
- Fire safety and fire warden training
- CDM awareness
- First aid
- Stress management seminars
- DSE (ergonomics) and back care seminars
- Manual Handling
